TOTAL MOBILE
WORK ANYWHERE!

Mobile Working

Considerations prior to purchase or upgrade

Practicalities and Costs

TOTAL MOBILE
WORK ANYWHERE!

Strategic Considerations

- Multiple application requirements
- Full Offline Working
- Cross Platform – Choice of Devices
- Native Apps - Consumer Grade Experience
- Application Configuration
- Secure & Scalable
- Cloud or on Premise
- Supplier Credentials

Project Considerations

Solution - Package or Bespoke

Skills transfer or pay the supplier

Integration - Open interfaces ?

- In house or delivered ?

Work allocation / scheduling

Mobile printing

Lone worker protection

Remote device management

'Bring your own device'

Cost Considerations

Software – User Licenses or Entity License

Device choice

Implementation – Which delivery model ?

Training

Administration/Management

3rd Party add-ons

Network charges

Support & Maintenance

Subsequent projects ?
